

Getting paid while you learn might sound too good to be true but as an Apprentice you really do get the best of both worlds

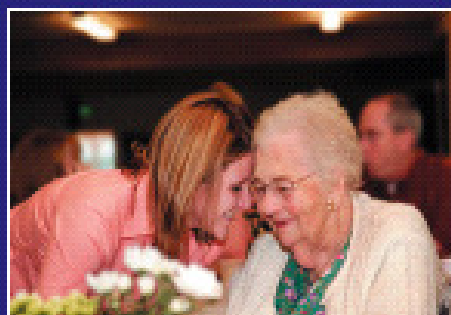

If you are aged 16 – 24 and have the dedication to succeed in the world of work and are not afraid to commit yourself to training and study then an apprenticeship could be for you!

How Does It Work?

You will come into York Training Centre one day per week and will be in a placement for the other four days.

York Training Centre currently offers Apprenticeships in the following areas:

- **Business Administration**
- **Childcare**
- **Customer Service**
- **Health and Social Care**
- **Sport and Recreation**
- **E2E Preparation for Employment**

Demand for places is high, so if you're still considering your options, why not talk to an advisor at York Training Centre? You can get in touch with them by calling 01904 554029.

Whether you are a young person looking for a job with training and prospects, an employer seeking to improve workforce skills for new and existing staff, we can assist you.
