

The following posters have been created to help you produce relevant and up to date materials at a local level for the Sexual Health and Teenage Pregnancy Professionals Campaign.

The blank text box at the bottom of the poster has been provided for you to insert your own information as required. You might want to state that it's particularly important that young people under 25 get tested for chlamydia as well as including details such as your address, a time and date for a forthcoming event etc.

Simply hover your cursor over the white box and you will see that you can type in it.

You will need to have Adobe Reader Version 7 or above to be able to add your own text. If your version of Adobe is older, just follow this link and install the latest version free of charge-
<http://get.adobe.com/uk/reader>

Please note you will be unable to save the altered version, only print it.

As always, if you have any questions, don't hesitate to get in touch with us via our communications agency, Blue Rubicon at: SHStakeholder@bluerubicon.com

Thanks
