The YorOK Workforce Strategy...

...sets out the YorOK Children's Trust commitment to this workforce and to ensuring that its members have the support, information and skills they need to improve outcomes for the children, young people and families with whom they work.

The Vision: We want our children and young people's workforce to be:

- ambitious for every child and young person to reach their full potential
- dedicated to keeping children and young people safe
- committed to partnership and integrated working
- respected and valued as practitioners
- excellent in their practice.
