

City of York Safeguarding Children Partnership (CYSCP)

What is it?

The CYSCP is a Partnership led by the Local Authority, Police and the Health Service along other relevant partners who work with children, young people, adults and families (for example youth justice, education, adult services, housing).

What does it do?

CYSCP makes sure that all those working with children in York work together to keep the children safe and promote their welfare. The Partnership scrutinises the work that is done to make sure it is as effective and useful as possible. It believes that all children have the right to a safe, loving and stable childhood.

How does it work?

CYSCP uses government guidance known as Working Together to Safeguard Children (2018) to support and challenge the work done by practitioners in partner organisations.

Practitioners are the individuals who work with children and their families in any capacity. One of the ways the CYSCP supports practitioners is by offering multi-agency training in all aspects of safeguarding including neglect, child sexual abuse and exploitation, domestic abuse. Training is also delivered to schools.

Don't forget! Safeguarding is Everybody's Business
