

# Every conversation starts with the child

## Our Practice Framework

### **Relationship based approach**

Focuses on the whole family, as a system, not individuals

### **Evidence based**

Consider and work with families using evidence based interventions to bring about change

### **Strength based**

Identify and build on family strengths, including their wider family and support networks

### **Reflexivity**

Learning to be attuned to our feelings and be able to change our behaviours in the moment

### **Social GRACES**

Consider our own values and beliefs as well as those of the families we work with
