

Building a Centre of Excellence for Disabled Children and their Families in York

June 2018

What we have done

- Decided on the strategy for recruiting the best contractor to build the Centre of Excellence.
- Conducted meetings with the full project team to ensure the project will achieve value for money within the agreed budget.
- The detail of building plans and layouts have been progressed along further
- The application to DfE to use part of Hob Moor School's surplus playing field land has been checked by the Council's Legal and Finance teams

What we plan to do next

- Develop and submit plans to planning with a target date of the end of June
- Submit Section 77 to DfE to use part of Hob Moor School's playing field land
- Start the process of recruiting the building contractor
- Start interior design discussions with design team which will include parents, front line staff, architects and interior designers

How you can you be involved
